Har Ghar Tiranga Campaign 13th – 15th August 2022

Har Ghar Tiranga was a campaign under the aegis of Azadi ka Amrit Mahotsav to encourage the people to bring the Tiranga home and to hoist it to mark the 75th year of India's independence. Our relationship with flag has always been more formal and institutional than personal. Bringing the flag home collectively as a nation thus becomes symbolic of not only an act of personal connection to the Tiranga but also an embodiment of our commitment to nation-building. To mark this momentous occasion NSS unit of IIS (Deemed to be University) organized a few activities in the Government Upper Primary School, Sanganer, and on the University campus also. The aim of these activities was to invoke the feeling of patriotism in the hearts of the students and to promote awareness about the Indian National Flag among them.

S. No.	Name of the activity	Resource Person	Number of students Participated	Venue
1	Awareness of Indian National Flag	Mrs. Ranjesh Mathur, Principal, Government Upper primary school, Sumernagar, Jaipur	121	Government Upper primary school, Sumernagar, Jaipur
2	Patriotic songs Recitation	-	121	Government Upper primary school, Sumernagar, Jaipur
3	Hoisting the flag at home and uploading the selfie on harghartiranga.com	-	256	Student's Home

All Students were asked to hoist a flag in their homes from 13th to 15th of August and upload 'a selfie with flag' on harghartiranga.com. A total of 256 students participated in this activity. They hoisted the flag and uploaded the selfie with the flag on harghartiranga.com.

Besides this, an awareness talk on Indian National Flag was organized for the students of Government Upper primary school, Sumernagar, Jaipur. Mrs. Ranjesh Mathur, Principal of the school talked about the history of making Tiranga, and the importance of all three colors used in it. In this activity, 121 students of all classes participated.

After the talk students sang many patriotic songs, danced, enacted a play that they would be performing on 15th August and the session ended with everyone paying homage to the country by singing the National Anthem together.

Report: Guest Lecture on "Nutrition: Eating for Optimum Health During College Life"

Day & Date: 5th September, 2022

Venue: AV Hall

Number of NSS Volunteers participated: 16

Number of Beneficiaries: 16

Name of the Resource person (if Guest Lecture): Dr. Gargi Saxena, Senior Assistant Professor, Department of Home Science, IIS(deemed to be University), Jaipur

As we are observing National Nutrition Week from 1st to 7th September to celebrate "World of Flavours" in tune with Rashtriya Poshan Maah that focuses on Women and Health, NSS organised a Guest Lecture on "Nutrition :Eating for Optimum Health During College Life" . Dr. Gargi Saxena, Senior Assistant Professor, Department of Home Science, IIS(deemed to be University), Jaipur was the resource person for the event. Dr. Gargi addressed the problem of Protein Energy Malnutrition(PEM) which is sudden or gradual condition of lack of energy due to deficiency of all macro and micro nutrients. During college life students tend to be inclined towards fast food, they end up depriving their body of essential nutrition . Nutritional deficiency is likely to affect both physical and mental growth according to Dr. Gargi. She objectively oriented the volunteers to go for mindful eating keeping in mind portion and nutrition sizes of food. She urged the students to go for fibre and calcium- rich foods items and fortify even the indulgent meals like pav-bhaji with calcium and protein rich sources like paneer and sprouts respectively. The Indian Council of Medical Research has given age and gender specific guidelines for dietary requirements. Today the focus of the government is to promote fibre-rich cereals that are not consumed much due to the modern lifestyle but they are more sustainable and hence we should be including the same in the diet.

Dr. Gargi Saxena laid emphasis on the importance of balanced diet and exercise. The health goal should be more sustainable and appropriate. The lecture was insightful and informative. The NSS volunteers towards the end asked their queries related to the topic . The lecture was totally engaging.

**Report: Installation of sanitary napkin vending machine and incinerator under
"Project Dignity"**

Day & date	Thursday and 8th September,2022
Venue	IIS (deemed to be University),Jaipur
Organised by	NSS units, IIS(deemed to be University), Jaipur and Rotary Club Jaipur Gurukul , in collaboration with Rotary Club,Dausa
Objective	Installation of sanitary napkin vending machine and incinerator under "Project Dignity"

Menstrual hygiene has been an issue of concern since a long time especially in the developing countries where a significant part of the community is oblivious to the importance of hygiene practices to be incorporated for menstrual health and there are myths and taboos that have led to conventional handling one of the most vital issues affecting women. According to the statistics revealed by Borgen Project, 71% girls in India don't have any knowledge about menstrual health until after their first period. Lack of toilets; deprive girls to use menstrual products as there is no private space for women to manage their hygiene. To address this issue, NSS unit of IIS (deemed to be University) Rotary Club Jaipur Gurukul collaborated with Rotary Club Dausa for the installation of sanitary napkin vending machine and incinerator under the aegis "Project Dignity" in the university campus. The event was graced by some remarkable guests who are playing a vital role in promoting community welfare. We had Smt Rita Choudhary, Ex MLA and Zila Pramukh, Balwant Ji Chirana and Dr. Anjali Pathak (Senior Clinical Nutritionist). The guests of the event were warmly welcomed by Dr. Ashok Gupta, Chancellor, IIS (deemed to be University), Jaipur and Professor Raakhi Gupta, IIS (deemed to be University), Jaipur. The guests of the event brought to light the problems women face as far as menstrual hygiene is concerned. There is a need to promote the usage of sanitary pads among women and pad dispensers and incinerators are not only increasing the accessibility of menstrual products for women but also it is encouraging disposal of the pads without adding to litter and hence from the perspective of environment it is more sustainable. The CSR team of Sofy which is a well-known menstrual product brand distributed pads to the students in the university and urging them to normalize usage of pads for all those women who hold on to conservative beliefs and consider periods to be an issue that should never be talked about in open. Dr. Anjali Pathak who is a nutritionist discussed how women should take care of nutritional requirements and that the health should never be ignored no matter how busy they get with the routine. Overall the event was productive and informative. As NSS volunteers are engaged in community work.

They resonate with the ideology of Rotary club and at their levels possible attempts would be made to help women achieve dignity and well-being.

NSS at IIS (deemed to be UNIVERSITY) organised an orientation session for upcoming volunteers of the university. It was collected in the AV Hall from 10:00 am onwards.

The program started with a presentation given by Dr Archana Kumari- in which she explained the meaning, significance and campaigns of NSS.

Followed by the presentation, a skit was performed by the volunteers. The skit was a high dose of entertainment and laced with knowledge. The volunteers addressed common questions and showed an artistic side of NSS- with dance, self-defence, and music- through their skit.

Some ice-breaking team games provided the new members with an opportunity to get to know their fellow volunteers and come out of their comfort zone.

Volunteers of each unit shared experiences from their journey of community service and their time at NSS, which sparked the new members' enthusiasm to dedicate themselves to the service of the community.

The event concluded with a vote of thanks to the university dignitaries, volunteers and the program officers.

To mark the 'Poshan Maah' (Nutrition month), NSS Units of IIS (deemed to be UNIVERSITY) organized a visit to Government Primary school, Dadabari and Sumernagar. The activity aimed to spread awareness of balanced diet/balanced thali among primary school students.

The activity was planned in such a way that it can be fun along with knowledge about the food. For the same, The volunteers actively prepared paper plates and divided each plate into 4 segments which depicted the following food essential nutrients - proteins, carbohydrates, fats, proteins and minerals.

They showed those prepared thalies and interacted with primary school students. They informed the children about the importance of these food nutrients and also the source of these nutrients. It was enlightening to observe that all of the children participated actively in the conversation and knew about some of the nutrients too. At Last, some of the chillies were pasted into the classrooms and others were distributed among the children

It was a learning experience for children and NSS Volunteers too.

Report:

It has been rightly said that Cleanliness is next to Godliness and hence cleanliness becomes a part of our routine. As we are observing Swachta Pakhwada, NSS Unit II, IIS (deemed to be University), Jaipur organised Swachta Games and School Campus Cleaning Activity in Government Upper Primary School, Sumer Nagar, Jaipur in order to create awareness regarding 'swachhta'. The generation of waste cannot be stopped but it can be channelized in an environmental-friendly way and this is also a question which people ask when they are told about maintaining a clean environment. The NSS volunteers devised an effective strategy to dispense knowledge regarding the same. Two games were organised to promote campus cleaning activity. The volunteers had carried two boxes with them; one had blue label the other one was green. The object was create awareness about wet waste and dry waste. Volunteers had taken some visible cut outs of various kinds of waste to show that a blue dustbin kept anywhere indicates wet waste and a green dustbin indicates dry waste. The students could identify that which type of waste has to be put in which kind of box. In another game, that was exclusively to clean the campus , volunteers wrote names of students on paper cups . It was a competition in which each student was expected to fill the cup with litter that was lying around the campus. The one who collected the maximum amount of waste in the cup was declared winner and given a prize. All the students were given chocolates . The activity created awareness through fun. The students participated enthusiastically and understood how they can contribute towards keeping their homes and surroundings clean.

Report:

The NSS Unit III & IV of IIS (deemed to be) University, Jaipur organized a Guest lecture on Breast Cancer Awareness on 10th October, 2022. The month of October is observed as Breast Cancer Awareness Month worldwide. The campaign is aimed to educate the people about the importance of early screening, detection, and treatment of breast cancer. According to WHO, breast cancer is by far the most common cancer in women worldwide, both in developed and developing countries, and a primary cause of death of women in metropolitan cities. This interactive event was attended by Dr. Pallavi Tomar Mishra, faculty members, and nearly 70 students. The lecture was delivered by Dr. Anurag Srivastava (Director NIMS). Beginning with a general outlook on all types of cancers, Dr. Srivastava moved on to talk about the lifestyle changes that are resulting in an increase in breast cancer cases. He highlighted the importance of regular self-inspection and clinical self-examination for the early detection of breast cancer as 80% of cases are detected at the advanced stage. Noting that any woman can get breast cancer irrespective of their family history, the speaker said that breast cancer can be cured if treatment is provided at the right time. He also threw light upon the symptoms of breast cancer and the preventive measures to be taken in order to reduce the risk of this disease. In the end, questions from the audience were taken up and detailed information about Breast Self-Examination (BSE) was shared among the students and faculty members. The lecture proved to be awareness-imparting and thought-provoking for everyone.

Report:

NSS Units of IIS (deemed to be) University as a part of 'Ek Bharat Shreshtha Bharat' - flagship programme by Govt. Of India- organised a quiz on Assam for the volunteers. The initiative was announced by the Hon'ble Prime Minister on 31st October 2015 to mark the 140th birth anniversary of Sardar Vallabhbhai Patel. To celebrate and promote each other's cultures, Rajasthan and Assam have been paired together so their people understand and appreciate the diversity that India has to offer thus fostering a sense of shared identity. Both states are rich in culture, heritage, and tourism. The quiz comprised questions on Assamese culture and state animals, and festivals. The volunteers shared their knowledge and experience on Assam with the help of posters, making others understand it visually. Initiatives like these enhance the knowledge of other states and UTs, bolstering unity and reiterating the integrity of India.

Report:

The NSS wing of IIS (deemed to be University) organised a drive to stop tobacco consumption. The volunteers rallied on the streets with anti-tobacco posters held high, spreading the message of avoiding tobacco usage.

Volunteers actively prepared posters demonstrating the adverse effects of tobacco on health. Schools and colleges have already been declared "no tobacco" zones. The rally aimed at calling upon people to not fall prey to bad habits. A nation can progress only when it's tobacco-free.

The NSS unit of IIS (Deemed to Be University) organized a self-exploration session on 27th March, 2022 in continuation of the previous session. Miss Nehal, youth development practitioner and Miss Ishita, social work professional from the organisation **PRAVAH** took turns explaining and interacting about the decision making skills and how complex they are, they began by giving the students examples and making them choose. They conducted a discussion, asking the students various complex decision making problems such as whether they would priorities their board exam or help a blind man cross a busy road. The question led to a discussion where many complex viewpoints arose from the audience where students were then asked to give motive, moral and attitude towards making their particular choice given that there are no rights and wrongs.

The volunteers were then given various other life situations and were asked to choose sides from the same and discuss in the groups. The session not only helped in broadening perspective but also enlightened the volunteers about their own life decisions.
